Chaudhary Charan Singh University

Chaudhary Charan Singh University, formerly known as Meerut University, is a prominent state university located in Meerut, Uttar Pradesh. Established in 1965, the University has built a strong legacy of academic excellence, inclusive education and social development. It offers diverse programs across arts, sciences, commerce, management, law, education and other disciplines. With a focus on quality teaching, research, innovation and skill development, the University prepares students for evolving professional opportunities. Through campus-based, online and distance-learning initiatives, it continues to make higher education accessible to learners from varied backgrounds.

MBA Hospital Administration

Highlights

- ◆ A structured online learning format that helps learners pursue hospital administration and healthcare management with continuity and manageable academic progress.
- ◆ Subject areas such as Physiology & Medical, Terminology, Professional Communication, and Computer Skills & Professional make the course relevant to learners comparing similar programmes.
- ◆ Designed to strengthen both conceptual understanding and communication in discipline-specific contexts.
- ◆ Focuses on practical interpretation, case-based thinking, and problem-solving linked to hospital workflows, patient-facing services, and healthcare administration needs.
- ◆ Supports academic progression and career exploration across Hospital Administrator, Healthcare Operations Manager, and Medical Superintendent and related hospital administration, healthcare operations, patient services, and healthcare coordination roles without making unsupported placement claims, with added focus on analytical depth.

Learning outcomes

- ◆ Use relevant tools, theories, or frameworks to address service coordination, quality, resource planning, and healthcare process challenges.
- ◆ Compare options and make reasoned judgements about administrative decisions that balance patient care, compliance, and efficiency.
- ◆ Prepare healthcare operations notes, service plans, and administrative reports with clarity, evidence, and subject-specific vocabulary.
- ◆ Connect learning with future study, professional growth, or applied work in Hospital Administrator, Healthcare Operations Manager, and Medical Superintendent and related hospital administration, healthcare operations, patient services, and healthcare coordination roles, while strengthening analytical depth.
- ◆ Develop leadership and decision-making skills for healthcare organizations and ensure ethical, legal, and regulatory compliance in healthcare.

Eligibility Criteria

Bachelor/Master Degree in any discipline or equivalent examination with 45% marks in aggregate, 5% relaxation for SC/ST.
